TableTop, remote

The diagram illustrates the configuration of the T288N computer system, showing the following components and their connections:

- TZ88N-TA** (Single slot):
 - Connected to **TZ88N** (DLT, 20/40GB).
 - Connected to **BC19J-06** (FNSE, 50LD).
 - Connected to **BN21K-10** (New! DWZZC-AA, FWD, 68HD).
- DS-TZ89N-TA** (Single slot):
 - Connected to **TZ89N** (DLT, 35/70GB).
 - Connected to **BN21K-02** (FWSE, 68HD).
 - Connected to **DS-TL891-NT** (TL891, DLT, 350/700GB).
- DS-TL891-NT** (Loader, 10 slots):
 - Connected to **TL891** (DLT, 350/700GB).
 - Connected to **BN21K-10** (29-33769-01, LXB 10 cartridge magazine).
- DS-TL892-UA** (Second drive):
 - Connected to **TZ89N** (DLT, Add-on).

Additional components and connections shown in the diagram include:

- Power cord** (BN19C-2E) connected to the **BN21K-10** and **BN21K-02** units.
- DLT** (Data Loading Tape) and **FWSE** (Fixed Width Serial Entry) labels are present on the **TZ88N**, **TZ89N**, and **TL891** units.
- 50LD** (50 Line Display) and **68HD** (68000 High Density) labels are present on the **BC19J-06** and **BN21K-02** units.

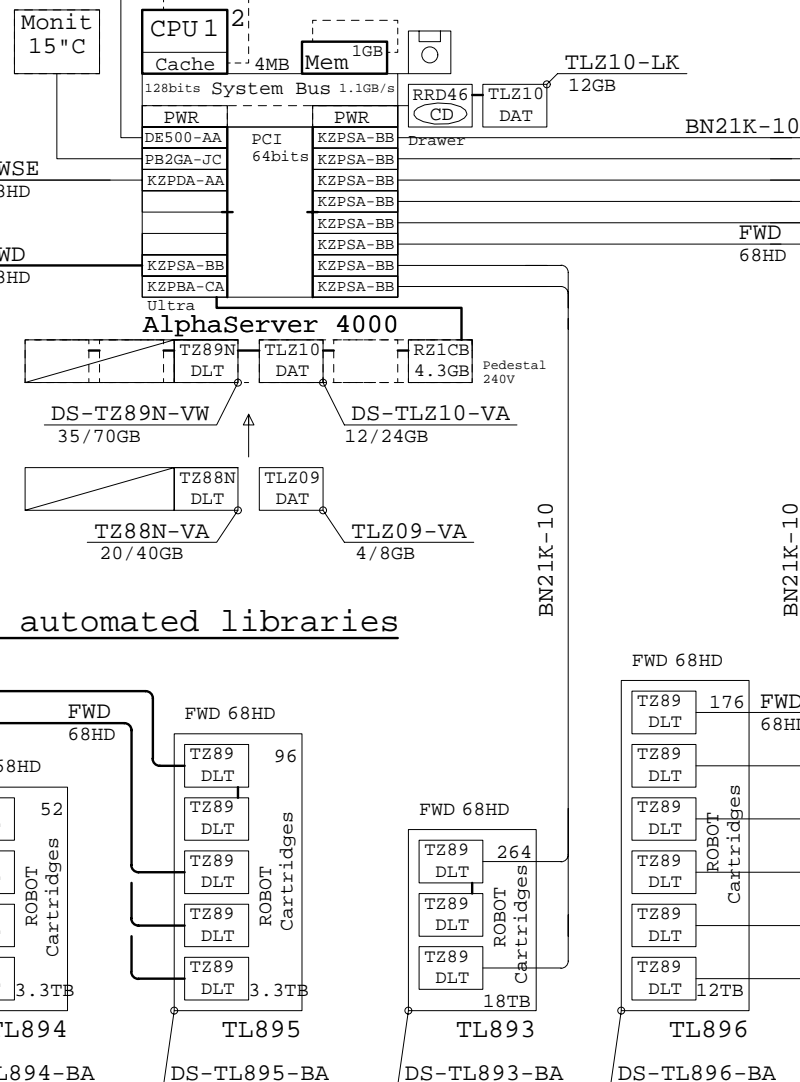

In cabinet, remote

The diagram illustrates the configuration of the 3490 tape drive system. It shows three main drive units, each with a specific tape cartridge and a power cord. The DS-TL891-NE unit also has a second drive unit, DS-TL892-UA.

Unit	Model	Slots	Cartridge	Capacity	Power Cord	Other
TZ885-NE	DLT	5	BC19J-06	100/200GB	DWZZA-AA	BN21K-10
TZ887-NE	DLT	7	BC19J-06	140/280GB	DWZZA-AA	BN21K-10
DS-TL891-NE	DLT	10	TK88K-01	350/700GB	DWZZA-AA	BN21K-10
DS-TL892-UA	DLT	Second drive	TK85-HC	20/40GB
